Mr. James Neville
Director
MCM Electronics Pty Ltd
Unit 3/10 Abel Street
Penrith NSW 2750

Dear James,

Further to the trial of the NeverAlone pendant we have pleasure in advising as follows:

Numerous members of the HSU in a geographical area that encompassed Broken Hill, Lismore, Newcastle and Wollongong conducted the trial continuously, over three months.

We requested that each member complete a comprehensive questionnaire evaluating the performance and functionality of the pendant.

The results are excellent and our members generally have commented that having the pendant, and by default access to support, make them feel much safer in their respective working environments.

We hereby advise that we will endorse the NeverAlone pendant as the preferred product to support our members and staff in any area of Australia that has 3G Telstra network coverage.

Should either you or anyone within the Health Sector in Australia require additional information please contact the undersigned and I would be pleased to have the HSU assist them.

Yours sincerely,

Gerard Hayes
Secretary, HSU NSW/ACT/QLD.
